

Flight Safety Awareness Course

Our Flight Safety Awareness Course was developed for companies that are conscious of Health & Safety and keeping their personnel safe when travelling. Your staff are given the opportunity to experience a simulated aircraft emergency on a full-motion cabin simulator. Afterwards we give them a thorough debrief packed full of safety advice, information and techniques.

Other features of this program include opening aircraft doors and overwing exits, fitting lifejackets, jumping down emergency evacuation slides and walking through smoke-filled cabins. It is an informative, practical course that is loads of fun and a great chance to look after your team!

This half-day course has a choice of start and finish times:

AM course: Start 08:15 hrs Finish 12:30 hrs Max. 30 delegates

PM course: Start 13:15 hrs Finish 17:30 hrs Max. 30 delegates

The course is excellent value at just £130 per person, excluding VAT. There is a minimum charge for 20 delegates.
