

BRITISH AIRWAYS RESUMES LONDON HEATHROW TO TOKYO SERVICE

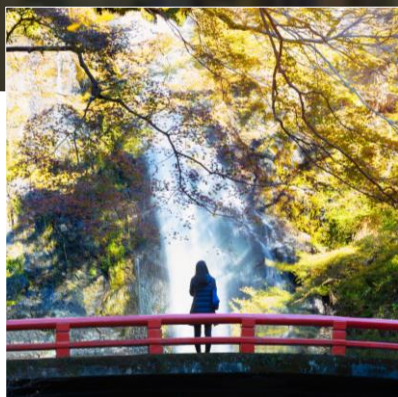

We're delighted to announce that we are resuming our London Heathrow to Tokyo service and will be operating daily flights between the two cities from November 2022. Our service complements an up to double daily service operated by our partner Japan Airlines.

Fly with us to Tokyo's Haneda Airport and discover the extraordinary cultural and heritage delights of Japan's capital.

Whether visiting the Shinjuku Gyoen National Garden, or going shopping and exploring Akihabara, Tokyo is the perfect destination for any traveller.

Flights operated by our fleet of Boeing 787
