Electronic Ticketing

The carriage of all passengers and baggage is subject to the British Airways Conditions of Contract and General Conditions of Carriage regardless of whether the passenger holds an electronic ticket or a paper ticket. Further information can be found on page 100.

ABOUT THE SCHEDULES

The flights contained in this timetable are based on an average period and subject to change for a variety of reasons. Seasonal holidays may result in some cancellations. Schedules may also vary around public holidays or when changes occur to Daylight Saving Time. Schedules are updated frequently on the Internet and can be found at ba.com

Downloadable timetables, updated monthly, are available for PC and a variety of PDA devices and can be found on ba.com/mobilezone

Connections

Minimum connection times between flights vary by airport, often depending upon whether it is domestic to domestic, international to international, international to domestic or vice versa and whether a change of terminal is involved. For information on connections please refer to ba.com.

Check In

Online Check-in is a simple and convenient service that enables you to check in, choose your preferred seat and print your boarding pass (selected routes only) all from the comfort of your own home or office. Online Check-in opens 24 hours before your flight departs. To check in online simply go to ba.com and follow the instructions.

Alternatively you can check in using one of our Check-in kiosks, which are found in the airport terminals.

Terms and Conditions

When you buy a ticket to travel on a British Airways flight you enter into a contract of carriage with us.

Your flights and any services provided are subject to:

- Any tariffs or special conditions which apply to your fare
- The conditions of contract and notices contained in your ticket or itinerary and receipt
- The carrier's General Conditions of Carriage
- Any applicable regulations.

Such conditions and regulations are incorporated by reference into and made part of the contract of carriage.

The carriage of all passengers and baggage is subject to the British Airways Conditions of Contract and General Conditions of Carriage regardless of whether the passenger holds an electronic ticket or a paper ticket.

The General Conditions of Carriage for British Airways and British Airways' franchise partners are available on ba.com and at British Airways ticket offices. The General Conditions of Carriage for British Airways' Codeshare Partners are available at their ticket offices.

Well Being

Short hop or long haul, follow these simple steps for a healthy journey.

Before you fly

- If you suffer from any medical conditions or are on long-term medication, talk to your doctor about your travel plans and discuss whether you need to take any special precautions when flying.
- Check if you need anti-malarial advice and remember that a full course of immunisation takes at least four weeks to complete.
- Carry any regular medication in your hand baggage and ensure you have adequate supply for the duration of your trip. For hand baggage guidelines see [ba.com/baggage](https://www.britishairways.com/ba.com/baggage).
- If you have any concerns about your health when travelling, for example Traveller's Thrombosis (DVT), please refer to our website [ba.com/health](https://www.britishairways.com/ba.com/health) or consult your GP.
- Allow plenty of time to prepare for your flight and get to the airport in order to avoid rushing or stress. Avoid heavy meals. Dress in loose, comfortable clothing and let a trolley take the weight of your baggage.

During the flight

- Eat a light meal and drink water. Little and often is best. Go easy on alcohol, coffee and tea.
- Try not to sit still for too long. When convenient, get out of your seat and move around the cabin. Stand up and stretch your arms and legs every couple of hours and carry out the recommended exercises outlined in our in-flight magazine, High Life.
- Indulge in some moisturiser to keep your skin feeling fresh.
- Help your body cope better when travelling to new time zones by taking every opportunity to sleep en route. Every little nap will help. Our in-flight well being audio channel will help you drift off. Don't forget to remove contact lenses before you sleep.

When you land

- When you get to your destination take a gentle stroll to stimulate the circulation, then, if you can, put your feet up and relax.
- Our Elemis Travel Spa offering various treatments is available at London Heathrow Arrivals & Departures Lounges at Terminal 1 and Terminal 4 as well as New York Terminal 7 Departures Lounge. The spas are available for FIRST and Club World passengers as well as Gold Executive Club members travelling long haul.

GENERAL INFORMATION FOR PASSENGERS

OUR LIABILITY

Terms and conditions

When you buy a ticket to travel on a BA flight you enter into a contract of carriage with the carrier.

Your flights and any services provided are subject to:

- any tariffs or special conditions which apply to your fare;
- the conditions of contract and notices contained in your ticket or Itinerary and Receipt;
- the carrier's General Conditions of Carriage; and
- any applicable regulations.

Such conditions and regulations are incorporated by reference into and made part of the contract of carriage.

The General Conditions of Carriage for British Airways and British Airways' franchise partners are available on [ba.com](https://www.britishairways.com/ba.com) and at British Airways ticket offices. The General Conditions of Carriage for British Airways' Codeshare Partners are available at their ticket offices.

Passenger Liability

If your journey involves an ultimate destination or stop in a country other than the country of departure the Warsaw Convention or the Montreal Convention may apply. This governs, and in most cases limits, the liability of carriers for death or personal injury and in respect of loss of or damage to baggage.

For carriage on all BA flights the Montreal Convention applies:

- no financial limits apply to the carrier's liability for death and bodily injury of a passenger,
- such liability up to 100,000 Special Drawing Rights will not be excluded or limited by proving that all necessary measures were taken to avoid the damage or that it was impossible to take them; and
- the carrier will, without delay, make such advance payments after an accident as may be required to immediate economic needs in proportion to hardship suffered.

Baggage Liability Limitations

Liability for loss or delay of or damage to baggage is limited unless you declare a higher value in advance and pay additional charges.

For travel on BA operated flights, the liability for damage to your checked baggage, including liability for damage caused by delay, is limited to 1,000 Special Drawing Rights (approximately GB £820).

For other international travel not covered by the Montreal Convention (including a domestic portion of an international journey) the Warsaw liability limit applies, which is 17 SDRs (approximately US\$ 9 per pound or US\$ 20 per kilo) for checked baggage and 332 SDRs (approximately US\$ 400 per passenger) for unchecked baggage.

BEFORE THE FLIGHT

Insurance

Our liability to you for lost, damaged or delayed baggage is limited by the Montreal Convention and our General Conditions of Carriage also exclude our liability to you for damage to fragile or perishable items in baggage or valuable items such as money, jewellery, or computers, some tickets are also either partly or completely non-refundable. You should therefore consider carefully whether to buy insurance cover for these risks.

AT THE AIRPORT

Check In

Please allow enough time to get to the airport and complete the check-in process, if you have not already checked in online. You may be in danger of missing your flight if you have not completely checked in and received your boarding pass by the time the flight closes.

You can view the check in times that apply to your booking in the “At the airport” section of Manage My Booking on [ba.com](https://www.bas.com) (please note you will need your booking reference and surname to access Manage My Booking).

Overbooking of flights

We operate compensation schemes for passengers with confirmed reservations who are denied travel on their flight because there are insufficient seats. Details of the schemes are available at check-in.

Passengers with special needs

We are happy to provide assistance for those who are disabled or have limited mobility, and for those who require a special need such as a wheelchair. Please inform us of any special needs as early as possible, ideally at the booking stage, so that we may help you as much as we can.

Children Travelling Alone

Children are always welcome on our flights but if they are under twelve and travelling alone they must be registered with us as “unaccompanied minors” at the time of booking. Children who are not registered with us risk not being able to travel. Children under six cannot travel on multi sector flights and children under five cannot travel alone on single sector flights.

Children Under Two

All children aged two and above must travel in a booked seat. If children under two are travelling with you please ask about infant seats and carry cots when you book your flights.

Travel Documents

Please note that it is the passenger’s and not the airline’s responsibility to check the entry requirements for the country they are visiting. Please ensure that you have all the necessary passports, visas and health documents with you in order for us to accept you onto your flight.

Please check that your passport has not run out and whether or not you need a visa. The UK Passport Office recommends that applications of UK passports should be made at least four weeks before the date of travel.

Reconfirmation

Reconfirmation of reservations is required only on flights from Libya and The Kingdom of Saudi Arabia. If reconfirmation is required on other flights we will advise you accordingly.

HOW TO PREPARE YOUR BAGGAGE FOR EASY TRAVELLING

MAKE LIGHT WORK OF YOUR BAGGAGE

Planning what baggage to take with you on a British Airways flight needn't be a weight on your mind. By following a few simple guidelines before you leave home you can ensure that there are no hold-ups at the airport, that you travel only with permitted items and that you don't incur excess charges.

We recommend you label each bag on the inside with your name and destination city. Remove old labels and do not carry any unidentified baggage for other people as this is considered a security risk.

For the latest information on the British Airways hand, checked and excess baggage policy and rules please consult [ba.com/baggage](https://www.britishairways.com/baggage)

We do not allow the following dangerous goods on board our aircraft or on your person, as part of carry-on or checked baggage:

Dangerous Goods

- Oxidising substances
- Radioactive Material
- Explosives
- Toxic or Infectious Substances
- Gases
- Corrosives
- Flammable Substances
- Organic Peroxides
- Substances liable to spontaneous combustion

For full details on hand and checked baggage restrictions please visit [ba.com/baggage](https://www.britishairways.com/baggage)
