

Relax in secluded comfort

British Airways invites you to relax in secluded comfort before your FIRST flight from Barbados to London in the new exclusive British Airways check-in and lounge area.

On arrival, you can effortlessly check in your luggage before escaping to the lounge to relax and spend your time as you wish. Should you want to purchase duty free goods, you will be driven to the main terminal 15 minutes before priority boarding. Alternatively, when the time comes for boarding, you will be driven straight to the aircraft steps in our air-conditioned vehicle for your maximum convenience.

You may also choose to check in online at ba.com from 24 hours before your flight and, if you have access to a printer, print your own boarding pass.

The new British Airways premium check-in is located close to the airport. Please ask your driver to follow signs to the 'IAM Jet Centre', or see the map below.

Passengers wishing to purchase tickets or pay any additional charges must go directly to the main terminal.
